THE TURKS REPULSED

Unsuccessful Attempts Made to Capture Velestino.

THREE DIFFERENT ATTACKS MADE

Each Time the Turks Were Driven Back by the Greeks—The Losses Were Heavy on Both Sides—Turks Compelled to Flee From a Bombardment From Greek Gunboats—Latest From the Eastern War.

PHARSALOS, May 1.—The Turks attacked Velestino Junction Tuesday night with four squadrons of cavalry and a battery of horse artillery. The large force of Greeks there easily beat the Turks off, but not before they had displaced half a dozen rails and cut the telegraph wires. The latter were repaired and on Wednesday the train service was resumed.

Fighting was renewed Wednesday night, but without special results.

On Thursday night the Turks assembled in great force in the direction of Velestino, and, as it was suspected they were also between this point and Trikala, a general attack was believed to be imminent. Fighting, however, occurred only in the vicinity of Velestino. The Turks made an attack before dawn yesterday morning, but were successfully repulsed. Three times in the course of the morning was the attack repeated, each time from a different direction, and each time the result was a repulse. Apparently, it was intended that these attacks should be simultaneous, but this plan failed, owing to the lack of proper organization. The Turks, however, pushed the attack with the utmost determination for six hours and only abandoned the attempt to seize the junction about noon.

The Greeks behaved well, the Third brigade and artillery particularly distinguishing themselves under General Smolenski. The Turkish losses were heavy; the Greek much lighter. Colonel Jannicosta, with the Eighth regiment, pursued the Turks several miles.

VICTORY REPORTED TO ATHENS.

General Smolenski Says That the Turkish Loss Was Enormous.

ATHENS, May 1.—A telegram just received here says that a great battle has been fought at Velestino between a Turkish force of 8,000 and General Smolenski's brigade. The dispatch states that the Turks were repulsed with enormous losses. The battle raged fiercely for several hours. The Greeks were reinforced, the reinforcements arriving at the critical stage of the fight. General Smolenski telegraphs that the Turks will be unable to capture Pharsalos, because the Greek position is strong and the moral of the Greek troops completely restored.

A dispatch from Santa Maura says the flotilla of Greek gunboats in the Gulf of Ambrakia has bombarded the coast near Sipolis and Santa Pedra. The Turks, the dispatch asserts, were compelled to flee.

There is no news from Arta, but it is rumored that the Greek forces which have been operating in Epirus against the Turks, are retreating.

At a cabinet council held yesterday it was decided that the minister of war, Colonel Tsimados, and the minister of the interior, M. Theotokis, should proceed to Pharsalos in order to ascertain the condition of the Greek forces there.

The legislative assembly will, at its next meeting, hear a declaration of policy from the new cabinet. Meanwhile the new minister of war, M. Tsimados, is actively supervising the equipment of the reserves, with the view of dispatching forces to Thessaly and Epirus.

TURKISH VIEW OF IT.

Constantinople Advises Report a Very Satisfactory State of Affairs.

CONSTANTINOPLE, May 1.—The Turkish government has issued the following announcement:

"Edhem Pasha telegraphs that the first division occupied Trikala on Wednesday. Two hundred convicts were released and armed on the previous day and 20,000 rifles were distributed among the inhabitants by the Greeks, who also permitted the pillage of arms and ammunition. The Turkish commander ordered the arms to be restored under severe penalties."

The porte announces that the heights commanding Nechesta and Grayan-Seral, beyond Pentepigadia, Epirus, have been occupied by the Turkish troops.

In response to notes from the French, Russian and British ambassadors, the Turkish government has announced that the expulsion of Greek subjects from Turkish territory is postponed to a period of eight days from May 8. Meanwhile the French consulate is issuing certificates of protection and by this act is causing general comment in official circles as the porte has not yet recognized France.

RIVER REMAINS UNCHANGED.

Still There Is a Great Deal of Uneasiness Felt in Some Localities.

NATCHEZ, May 1.—The river remains unchanged, at 49.75, which is probably the crest of the flood at this point. It is interesting in this connection, that a little over a year ago, the Mississippi here broke the low water record by about the same margin that the present flood has the high water mark, recording 1.2 feet below the zero mark established by the United States engineer service.

The back water from Black river, together with the Glasscock water from below and the Biggs break from above through the Tensas, is beginning to show up in the rear of Vidalia, but it will be some days before the territory immediately surrounding that town will be seriously inconvenienced by the overflow. Vidalia and that portion of the Concordia parish visible from the Natchez bluffs is beginning to put on the appearance of an island. The curve of Lake Concordia above, while Sale lake below, the back water from Black river in the rear and the Mississippi in front, leave only a narrow peninsula to the west still above water.

Late reports from L'Argent and Saint John state there is much uneasiness on account of several soft spots in the Louisiana levees in those vicinities. They are being closely watched but should they begin to slough, no force available at present will be able to do more than give the alarm.

FOUND GUILTY OF BLACKMAIL.

Charles Glessner Sentenced to Two Years in the Penitentiary.

FORT WAYNE, Ind., May 1.—The jury in the case of Charles Glessner, charged with blackmail, brought in a verdict of guilty, fining him \$25 and costs, and recommending a sentence of two years in the penitentiary. Glessner was the correspondent of the Kansas City Sunday Sun. Last May F. J. Bowen and Charles Gruber of this city went to the home of Valours Brown, a wealthy farmer of Churubusco, Whitley county, and representing themselves as Glessner's agent, demanded a large sum of money.

On refusal they threatened to expose alleged misdeeds of Farmer Brown in the Sunday Sun. Brown refused the demand and immediately commenced prosecution for blackmail. Bowen and Gruber turned state's evidence, and the result is the conviction of Glessner.

Twenty years ago Glessner was one of the prominent newspaper men of northern Indiana. He was once editor and manager of the Fort Wayne Journal and later of The Sentinel. Dissipation hastened his downfall.

Blinded in a Peculiar Way.

SEYMOUR, Ind., May 1.—Freeman Heaton, formerly engineer on the Baltimore and Ohio Southwestern railroad, has lost his eyesight by a peculiar accident. He was working in his stable and in stooping to pick up a fork struck a fine wire which was stretched between two posts. The sight of one eye is entirely destroyed and the other injured so he will lose it.

Made Good His Escape.

PORTLAND, Ind., May 1.—No trace has been found of Harry Tarr, who escaped from jail last Monday night. He is a young man who came from Hartford City to Dunkirk, where he was employed in a restaurant owned by Bert Wise. During the temporary absence of the proprietor, Tarr robbed the safe.

Leasing Oil Land.

ALEXANDRIA, Ind., May 1.—A special train on the Lake Erie and Western railroad brought 50 oil speculators from Lima and other points in Ohio and Pennsylvania. As a result, farmers are leasing their lands at a much higher price than has ever before been paid.

Both Arms Broken.

CROWN POINT, Ind., May 1.—Jacob Theill, a wealthy farmer, living at St. John's, was thrown from his wagon Thursday night, breaking both arms and receiving serious internal injuries. He is over 60 years old. He lay unconscious for 20 hours.

King of Siam Coming Over.

SAN FRANCISCO, May 1.—The Doric brings advices that the king of Siam will leave Bangkok in May on board the royal yacht for a tour of Europe. He will also visit the United States, reaching New York in August. The Siam government has asked the United States to allow the cruiser Machias, now off Bangkok, to act as the escort of the king during his tour.

SPANIARDS DEFEATED

Two Big Battles Have Been Fought in Cuba.

ONE WAS NEAR SANTA CLARA.

The Contending Forces Numbered About Eight Hundred Men—An Expedition Landed—The Cubans Hold an Important Seaport—A Presidential Election Ordered—Havana Dispatches.

NEW YORK, May 1.—A dispatch to The World from Havana via Key West says: A fight within a few miles of Santa Clara Friday night and Saturday morning the Spanish column under Colonel Aguarez was defeated by Colonel Barrios with a loss of nearly 125 killed and wounded. The contending forces numbered about 800. The Cubans drove the Spaniards back after several machete charges. A small rapid fire gun that the Cubans carried did great execution in the ranks of the Spaniards. The latter also lost four officers, the names not being given.

An expedition was landed last week near La Grande, Santa Clara. Eight hundred Spanish troops tried to capture the expedition. One of the Hotchkiss guns that had been landed mowed down the Spaniards as they advanced to the attack. They stood the fire a few moments and then fled. It is said the Spanish loss was 93 and the Cubans much less.

BANES BLOCKADED.

Cuban Insurgents in Possession of an Important Seaport.

KEY WEST, Fla., May 1.—The Cuban patriots are still in possession of the port of Banes, under the command of General Calixto Garcia. The Spaniards have not attacked the forces that surround the town, although 1,000 have been sent for that purpose. It is said that Weyler has appointed General Luque to take command of the forces that will attempt the recapture of Banes. This town is very important, being a principal seaport of Cuba, where considerable shipping is done with the United States.

The town is well fortified by land and sea, and the entrance of the harbor is so laid with dynamite torpedoes that no ship can enter without producing an explosion. In one attack last week a dynamite mine was exploded under a Spanish ship, killing 80 or 40.

General Garcia has sent word to the Havana junta that he can hold the port against almost any force that can be brought against him.

ELECTION IN CUBA.

The Patriots Will Select a New President on September 2.

NEW YORK, May 1.—President Cisneros of the Cuban patriot government has called a meeting of a constituent assembly of the Cubans in arms. The meeting will elect a new president and remodel the present provisional constitution. and will be held in Guaimarillo, Camaguey, on Sept. 2.

The selection of presidential electors will be held in the six states into which the Cuban republic is divided, during the first week in May. Each state will send four representatives to the assembly.

While President Cisneros is mentioned in Cuban circles as a probable candidate for re-election, there are also other strong probabilities. Among them are Bartolome Maso, the present vice president; Domingo Mendez-Capote, the president of the supreme court of the Cuban republic; and Tomas Estrada Palma. Senor Palma, as well as President Cisneros, was at one time during the 10 years' war president of the Cuban republic.

HAVANA DISPATCHES.

A Case Against a Naturalized American Has Been Dismissed.

HAVANA, May 1.—The case against the insurgent leader Jose Loretto Cepero, a naturalized American citizen, who commanded the insurgent cavalry in the engagement at Maltiempo, and who was captured last year on board a coasting vessel bound from Cienfuegos to Batabano, has been dismissed. He will probably be expelled from Cuba.

The newspapers of this city approve of the appointment of the Marquis Palmerola as governor of the western region as being made at an opportune moment, enabling him to carry out the work of establishing the reforms proposed for Cuba.

Calhoun Will Go to Cuba.

DANVILLE, Ills., May 1.—Colonel W. J. Calhoun has wired to President McKinley his acceptance of the position of special legal counsel for the United States in the investigation of the Ruiz case in Cuba. Colonel Calhoun declines to discuss his views of the merits of the case. He will leave Danville next Monday, going via Washington for formal instructions, and departing as soon as possible for Havana. His stay in Cuba will be limited, not extending beyond the month of May.

SOUTH AMERICAN TANGLES.

Still Talk of a Cabinet Crisis Existing in Chile.

VALPARAISO, May 1.—There is still talk of a cabinet crisis here. El Porvenir, the leading organ of the Clericals, insists that the resignation of the min-

ister of justice, owing to his differences with President Errazuriz, is inevitable, and will probably be followed by the downfall of the present ministry. The Liberal newspapers declare that the fears of a crisis are groundless.

The feeling of uneasiness and distrust in Argentina, owing to the outburst of friendliness between Brazil and Chili, is daily growing. The lack of reassurances to Argentina as to the real cause of the demonstrations, is what has caused the uneasiness in that republic.

Did You Ever

This medicine has been found to be peculiarly adapted to the relief and cure of all female complaints, exerting a wonderful direct influence in giving strength and tone to the organs. If you have loss of appetite, constipation, headache, fainting spells, or are nervous, sleepless, excitable, melancholy or troubled with dizzy spells, electric bitters is the medicine you need. CHURCH EXTENSION.

What the Southern Methodists Are Doing Along This Line—Meeting of the Board.

The Board of Church Extension of the Methodist Episcopal Church, South, convened at Louisville in its fifteenth annual session Thursday morning at 9 o'clock.

The board was organized for the purpose of raising funds to aid in the erection of Methodist churches throughout the South. During the past year the board has aided ninety-six different churches, donating \$24,000 and lending about \$12,000 more. There are now 162 applications for aid on file at the Secretary's office. These will come before the board for consideration, but it has never been possible to grant more than two-thirds of the applications.

The business of this session will be chiefly concerned in the disbursements of some \$24,000 in donations and about \$24,000 in loans. The loans are made on long-time periods to the churches requiring assistance, and they are allowed to repay the loan in small sums. In this manner the churches are independent of any outside obligation and enjoy a greater leniency. Most all the Bishops of the church are present at the meeting.

Condensed Testimony.

Chas. B. Hood, Broker and Manufacturer's agent, Columbus, Ohio, certifies Dr. King's New Discovery has no equal as a cough remedy. J. D. Brown, Prop. St. James Hotel, Ft. Wayne, Ind. testifies that he was cured of a cough of two years standing, caused by la grippe, by Dr. King's New Discovery. B. F. Merrill, Baldwinville, Mass., says that he has used and recommended it and never knew it to fail and would rather have it than any doctor, because it always cures. Mrs. Hemming, 222 E. 25th St., Chicago, always keeps it at hand and has no fear of croup, because it instantly relieves. Free trial bottles at J. James Wood's drug store.

DELVING FOR THE DEAD.

Five More Bodies Taken From the Ruins of the Guthrie Flood.

GUTHRIE, O. T., May 1.—Five more bodies have been recovered from the debris left by Wednesday's disaster in West Guthrie, being those of George Owens, Mrs. Charles Ruffins, Henry Simmons, Mrs. Watson and child. Scores of organized searching parties are at work, but progress is slow, since tons of debris must be dug over in the search.

It is believed that the rushing water of Cinnamaron river conceals many corpses. The Cinnamaron is two miles north of the city, and when the flood came the waters of the Cottonwood joined it. The Cinnamaron's bottom contains quicksand and it is one of the most treacherous streams in the county. It is literally jammed with wreckage and the bodies of dead animals. Farmers are fishing out and carrying off the wreckage by carloads.

Over 1,500 homeless people are being cared for by the city.

TESTING THE BLACKLIST.

A Conductor Sues the Manager of the Missouri, Kansas and Texas Railroad.

ST. LOUIS, May 1.—Information was sworn to by Michael Kelly, a discharged conductor of the Missouri, Kansas and Texas railway, against Assistant General Manager A. A. Allen of that road, charging him with blacklisting.

The railway official was notified by telephone. He went promptly to the Four Courts accompanied by General Solicitor James Hagerman and filed a \$300 bond. Kelly is a member of the Order of Railway Conductors and they are backing him in the suit. It is the intention to make it a test case and see if the blacklist system can not be abolished.

A Switchman Saves a Passenger Train From Destruction.

FREIGHT CARS ON THE TRACK.

With a Handcar He Met the Approaching Train Just in Time to Prevent the Disaster Judicial Convention—A Farmer Killed—Tobacco Warehouse Burned. Other Ohio State News Dispatches.

COLUMBUS, O., May 1.—Passengers on the Panhandle train arriving at 2:15 yesterday morning from the east owe their lives to Thomas Burke, a switchman, who accidentally discovered, shortly before the train was due, that a cut of cars had by a wrong throw of the switch been thrown on the main track at Leonard avenue.

By use of a lever under the wheels he managed to start the cars down onto the switch, but, finding the motion so slow that they would probably not clear the main track by traintime, he secured a handcar and ran east to meet the limited passenger train and stop it.

It was only two minutes until traintime, but he signaled the engineer and saved the train. At that point the train makes high speed.

TEMPERANCE CRUSADE.

This One Is Rather Novel on Account of Men Being the Leaders.

EAST LIVERPOOL, O., May 1.—A new temperance crusade has been started in Wellsville. It is a matter of history that the woman's crusade here in 1876 closed every saloon, but one, in the city. This time the men have taken the matter in hand.

The Asbury brotherhood of the M. E. church, 600 strong; the Men's league of the Christian church, 150 strong; the Father Matthews Total Abstinence society of the Catholic church, and the Liberty party, are all backing it, and petitions to council for a prohibitory ordinance are being signed by all classes.

Judicial Convention.

ATHENS, O., May 1.—At the Republican judicial convention of the Seventh district, held in the city hall here yesterday, Judge D. Warren Jones of Gallipolis was unanimously chosen as the nominee for common pleas judge. Delegates were present from the counties of Athens, Gallia, Meigs, Monroe, Washington and Vinton, which comprise the judicial district. It is the first time in 40 years Gallia county has had a judge.

Malignant Destruction of Property.

JACKSON, O., May 1.—Ralph Pritchard and George Hughes, living at Coalton, were arrested and lodged in jail here last night, charged with setting loose on a steep grade six boxcars belonging to the Ohio Southern railroad. The cars were thrown from the track and demolished, the company sustaining a loss of over \$1,000. The men pleaded guilty to the charge.

Oil Pumper Drowned.

CELINA, O., May 1.—Irwin Grant, a pumper, employed by the Manhattan Oil company, was drowned while at work on the reservoir. Grant fell off the Manhattan steamer and could not be rescued in time. He leaves a wife and three children. This makes the third man drowned in the reservoir inside of six months.

A Farmer Killed.

EVANSVILLE, O., May 1.—George Waldfole, a farmer residing three miles from here, was killed yesterday while breaking a colt to drive. He was thrown from the wagon, one of the wheels passing over his breast, producing internal injuries from which he died in a few hours. He was 66 years old.

Tobacco Warehouse Burned.

MOUNT ORER, O., May 1.—A large warehouse in Union township was entirely destroyed by fire yesterday afternoon with 12 hogheads of tobacco and a large quantity of bulk tobacco. Loss estimated at \$5,500 with \$1,100 insurance on the contents. Origin unknown.

Big Barn Destroyed by Fire.

MANCHESTER, O., May 1.—A large barn belonging to Green Teachnor, near Decatur, burned last night with all its contents, consisting of two valuable horses, cattle, hogs and grain. Mr. Teachnor estimates his loss at about \$6,000, with very little insurance.

Fined For Spearfishing.

TIFFIN, O., May 1.—Benjamin Walters, arrested a few days ago on the charge of spearing a fish, was fined \$25 and cost yesterday in Mayor Rex's court. Walters caught a large fish by spearing it with a pitchfork.

An Old Resident Dead.

ELYRIA, O., May 1.—Catherine Savage, one of the oldest residents of this county, died yesterday, her birthday, at the age of 93 years. She was in good health up to the time of her death.

Found Dead in Bed.

FAYETTSVILLE, O., May 1.—Charles Robinson, at one time a prominent farmer and leaf tobacco merchant, was found dead in bed yesterday at his home near here.

A Brakeman's Fate.

BRYAN ON CLEVELAND.

Hon. W. J. Bryan, in a telegram in regard to Mr. Cleveland's New York speech, closes as follows:

A less resolute man would hesitate to assume the leadership of a little band of 130,000, many of whom voted the Indianapolis ticket by mistake, and then accuse 6,500,000 voters of being either designing agitators or the dupes of designing agitators.

A man of less self-reliance would re-examine his own conduct, to see whether it was his folly or theirs which separated him from 5,000,000 Democrats who once idolized him, but in the lexicon of Mr. Cleveland's maturer years there is no such word as "mistake."

The Gold Democracy is impotent to bring any real relief to the country; it is long on platitudes and short on performance; it reaches its maximum at a banquet and its minimum at the polls; it is the toy of those financiers who prate about national honor while they fatten on the nation's extremity, and is powerless to protect the people from the extortion of trusts and the greed of unrestrained corporations.

Those Democrats who believe in equality before the law will naturally gravitate toward the regular Democracy, and those Democrats who believe in a Government by syndicates and for syndicates will naturally drift into the Republican party, because it offers them the best prospect of success.

No preaching at the Christian Church, this city to-morrow morning, but communion services will be held at 10:45 a. m. Preaching and baptism at 7:30 p. m.

On account of the absence of the Maysville orchestra from the city on May 7th, the physical culture class of Hayswood has deferred its entertainment until the following Tuesday, May 11th.

ORDINATION services will be held at the Mill Creek Christian Church to-morrow morning. Rev. J. B. Grubbs, of Lexington, Rev. S. D. Dutcher, of this city, and Rev. F. M. Tinder, of Mayslick, will take part.

At Church of the Nativity to-morrow services will be: Sunday school at 9:30; morning prayer, sermon and holy communion at 10:30. Bishop Burton will preach, morning and evening, and administer the rite of confirmation in the evening.

SERVICES in the First Presbyterian Church to-morrow morning and night at the usual hours for public worship, conducted by the pastor. Church Sabbath school at 9:30 a. m. Mission Sabbath school in German Church at 2:30 p. m. Westminster Society of Christian Endeavor at 6:45 p. m.

A TELEGRAM was received here yesterday afternoon from Flemingsburg asked the receiver to intercept a couple of runaway lovers, and hold them until the father of the young lady could reach Maysville. An hour or so later, another telegram stated that it was all a mistake, that the couple hadn't eloped. The young couple had simply taken a drive and returned while the irate father was wiring to intercept them. The young lady is a daughter of one of Flemingsburg's prominent citizens.

Mr. W. R. BURNS, of Concord, has a milestone which was in a mill at that place for a time. It is claimed that Daniel Boone and Simon Kenton both had corn ground on this stone. This stone is one solid piece, 14 inches thick and 40 inches in diameter. The oldest inhabitant in that vicinity does not know when it was first brought there. Burns also has the currier's stone on which Jesse B. Grant carried hides in the old tan yard now owned by Mr. Grimes, and it is said that General Grant also did work on this stone.

MANCHESTER Signal: "Homer Kimble, son of S. B. Kimble, and Miss Lillie Huff, who made her home at Kimble's, left for parts unknown Sunday, it is said. Some three or four years ago Kimble was accused of burning two or three barns and outbuildings belonging to his father, and later was taken to Athens Asylum. He remained there some time when he was discharged. After his return he settled down to hard work, and shortly after was married to Miss Gussie Swinkmyer, to whom were born two children. Kimble took the train for the city Sunday and Miss Huff disappeared and nothing has since been heard from either of them."

COLONEL BOONE COMING.

The Railway "Pathfinder" Will Be Here on May 10th to Talk About His Proposed Roads.

Colonel Albert E. Boone will be in Maysville May 10th, in the interest of his great railway project, the Columbus, Ohio River and Tidewater. He will be accompanied by the President of the road, Mr. Kirby, and others interested in the project, and the party will go from here to West Union. The Defender, of that city, has the following in reference to the matter:

"The citizens of Adams County, without respect to locality, who are interested in the success of the proposed Ohio River and Tidewater Railroad are requested to assemble in a mass meeting at the court house in West Union, on Wednesday, May 5th, at 1 o'clock p. m., for the purpose of taking preliminary steps for the meeting to be held with the railroad people one week later at this place, and to select also a delegation of citizens to attend the meeting at Maysville on the evening of the 10th of May. The railroad sentiment of our citizens will be largely determined by the interest that is taken in these meetings. The people should unite themselves heart and hand for the success of this enterprise.

"Let the effort be given due consideration whatever the results may be. There is no question of the beneficial results to the people along the entire line of the proposed road to be derived and these benefits are not to come to us without an effort. The time is now at hand for such efforts to be made and the people of Adams County, all of whom will be more or less interested by such an enterprise, cannot afford to let this opportunity go by default. Talk the matter in every community and attend the preliminary meeting next Wednesday. The following from Col. Boone to The Defender will show the impetus to the movement the citizens are making:

ZANESVILLE, April 24, 1897.

My Dear Sir: A railroad meeting of your people should be called to select not less than twenty delegates to be at Maysville, Ky., on eve of Monday, May 10th, proximo and then to escort President Kirby and associates to West Union on May 11th, leaving Maysville after dinner of May 11th for West Union. The railroad meeting for West Union will be held on the eve of May 12th. Interest in railroads will enable your people to get the Pennsylvania Company to extend from Georgetown to West Union at once and then if you need the Black Diamond, say so at the your meeting and I will do the rest. Yes or no I must have at the first meeting. No inducement tendered could ever get me to consider opposition from any community that don't know what they want to do at the first meeting. BOONE.

DR. DEBOE, SENATOR.

"Populist, Silverite, Republican, Doctor, Lawyer, Politician," Is the Way He's Sized Up.

[Cincinnati Enquirer.]

A reliable Republican, whose name is known throughout Kentucky, made some declarations to the Enquirer man at the Emery Thursday, which, if printed, coupled with his name, would produce a sensation in the old State. He forbade the use of his name, as he said that if given it would militate against the appointment of his friends who are applicants for office. In a most sarcastic strain he said:

"I suppose everybody ought to be pleased with Deboe's election to the Senate, inasmuch as he is a Populist, a silverite and Republican, a doctor, lawyer and politician. He never was a Republican until 1888. To elect such nebulous quantity over such men as Yerkes, Holt, Bradley, Willson, Lewis and Evans is a shame and scandal, and will be resented by one-third of the Republican party remaining away from the polls this year in deep disgust. The Democrats will carry the State by 100,000. And now I understand that Stanley Brown, a storekeeper gauger, is to be appointed Internal Revenue Collector in the Louisville district because he is one of Sherman's old stand-bys. That, with other things, will return that district to the Democrats. And then I hear that Colonel William Hobson, of Bowling Green, is to be appointed United States Marshal because he was in McKinley's law class. I am informed that Dr. Hunter has about used up most of his finances, and I don't honestly believe that he is entitled to the seat in Congress that he is endeavoring to get Rhea out of. This fiasco at Frankfort will force Kentucky back into the Democratic camp for the next twenty years. I am not a disappointed office-seeker, and do not desire any office, and I only speak the facts as I see them. I want to see Deboe's first 'effort' in the National Senate, if he ever attempts one."

Rev. C. W. Horn to Speak at the Men's Rally Sunday Afternoon—The Base Ball Team.

Rev. Calvin W. Horn, pastor of the Methodist Church at Aberdeen, will address the men of Maysville to-morrow afternoon at 3 o'clock on the subject, "God's Idea of Man." Rev. Horn is a pleasing speaker, and all who hear him will surely be benefited. As this is the first opportunity that has been offered to hear a speaker from Aberdeen, there ought to be a large crowd present. Some special music has been provided and this feature of the program will be a very pleasing one.

THE SHOE FACTORY.

Judge Helm, of Newport, Renders an Important Decision in Favor of the Lessees.

[Cincinnati Enquirer.]

Hamburger Bros., manufacturers and wholesale jobbers of shoes, of this city, were defendants Thursday in an important suit, in which H. H. Collins, John Duley and Omar Dodson were plaintiffs.

The plaintiffs are owners of a shoe factory at Maysville, Ky., which it seems the defendants leased from them about a year ago, with a privilege of an extension of the lease for three years. The plaintiffs not only leased the factory premises, but a lot of shoe machinery in connection therewith.

The defendants exercised the privilege of renewal, but for the present at least did not care to continue the operation of the factory.

The value of the machinery belonging to the plaintiffs contained in the factory was said to be about \$4,500, and that of the defendants about \$3,000.

Hearing that defendants desired to cease operations at Maysville, the plaintiffs procured a temporary injunction before the Court at Maysville, but the defendants' attorneys, in their attempt to set aside the injunction, procured a removal of the case from Maysville to Newport, and Thursday the matter was fully heard before Judge Helm, upon the motion of Hamburger Bros. to dissolve the injunction.

There was considerable evidence in the case upon the question whether or not the machinery would be injured by nonuse, and whether the factory plant would go to waste, and it was vigorously claimed by the plaintiffs that if any waste was threatened, a Court of Equity could intercede and prevent it by injunction. After full hearing and argument of counsel, the court decided that Hamburger Bros. were not compelled to operate the factory; that as long as they intended to pay the rent under the lease, and complied with all the conditions of the lease, they could not be enjoined.

The injunction was dissolved. A. M. J. Cochran and W. H. Wadsworth, of Maysville, were counsel for the plaintiffs, and Judge Thos. R. Phister, of Maysville, and Samuel Wolfstein, of Cincinnati, appeared for Hamburger Bros.

Miss Kate Slattery is visiting relatives at Maysville.

Messrs. J. Ryan and T. McNamara, of Flemingsburg, were calling here Sunday.

Messrs. John Higgins, of Paris, and Mike O'Donnell, of Maysville, visited friends here Monday.

Rev. M. V. Yeaman and Master B. C. Clark, of Vanceburg, spent a few days here with the family of E. Pogue.

There was a small fire in town Friday. Mrs. Hopper's kitchen was burned, but no great damage was done.

Mrs. Mary Duryea's house was robbed last Thursday, about ninety dollars being taken. No clue as yet.

Another rumor is going about which tells of the approaching marriage of another one of our prominent young ladies.

Rev. F. M. Tindler gave several of our little folks a nice treat last Saturday in shape of a fishing excursion to North Fork.

Mrs. Hopper, Miss Jennie Evans and Miss Bessie Prather left Sunday for Flemingsburg to attend the funeral of Mrs. A. H. Evans.

The Christian Church at this place was the scene of a pretty wedding on the evening of April 22, the contracting parties being Miss Frankie Duncan and Mr. Riley Walker. At an early hour the church was thronged with relatives and friends of the couple. The ceremony was performed by Rev. Tindler which united the destinies of the happy pair. The bride is a charming girl, who has hosts of friends who will regret to lose her in the social circle. She was becomingly attired in handsome costume of green velvet, with flowers and lace trimmings. She was assisted by Miss Mae Walker, of Flemingsburg. The groom, one of Fleming's industrious young men, wore the conventional black and was attended by his cousin, Mr. Eneas Myall. The ushers were P. N. Cracraft, R. H. Duncan, Harold Collins and Harry Holmes. The church was tastefully arranged with flowers for the occasion, and the wedding march was beautifully rendered by Mrs. Rodney Cord. After the ceremony Mr. and Mrs. Walker left for the home of the groom where an elegant reception awaited them.

Seems as if consumption always picks out the brightest and best. Fully one-sixth of all the deaths that occur in the world are caused by consumption. Many things were once considered impossible. It would be strange if medical science did not make some progress. The telegraph and telephone, the phonograph, the electric light—all were once impossible, and once it was impossible to cure consumption. That was before the time of Dr. Pierce's Golden Medical Discovery. Taken according to directions, this standard remedy will cure 98 per cent. of all cases of consumption. Consumption is caused and fostered by impurity and richness in the blood—surely, certainly cured by the "Medical Discovery." It builds up solid healthy flesh and vigorous strength.

Dr. Pierce's Common Sense Medical Adviser, a 1008 page medical work, profusely illustrated, will be sent free on receipt of 21 one-cent stamps to cover postage only. Address, World's Dispensary Medical Association, Buffalo, N. Y.

Prof. Henry Gabby will preach at the Baptist Church at Aberdeen at 2:30 o'clock Sunday afternoon.

'SQUIRE SHELTON, OF ABERDEEN,

The Defendant in a Suit Brought By C. Crane & Co. For \$10,000 Damages.

'Squire John Shelton, a Justice of the Peace at Aberdeen, has been sued in the United States Circuit Court at Cincinnati for \$10,000 damages. The suit was brought by C. Crane & Co. of Cincinnati. Margaret Shelton, L. Henton and John Mutschelknaus, sureties on Shelton's bond, are male co-defendants. The Enquirer says of the suit: "The plaintiff company at nearly all seasons of the year has quite a number of logs sent it by the various rivers. Not infrequently the rafts break and the logs float away. Those who catch the logs are allowed by law a certain amount for their work. Now it is charged that Shelton has used his office for illegal purposes, inasmuch, so it is claimed, he has connived with and assisted log catchers by virtue of his office to secure illegal rates by overcharging for catching stray logs. It is charged that by virtue of his office he has always shielded the log catchers in his township whenever any of them get into trouble over an overcharge.

"On March 5 last C. Crane, an employee and relative of the plaintiff, went to Brown County and took a poplar log that was in charge of one J. Jones. The latter made complaint, and a warrant was issued for the arrest of Crane, charging him with petit larceny. The log, so it is claimed, bore the Crane brand. It is averred that the warrant was issued without any right or cause. Crane was fined \$5 and costs. One dollar of this went to the man named Jones. The fine and charges, it is said, were false and fictitious, and in pursuance of a plan and conspiracy. Hence the damage suit."

It will be remembered that the day following the trouble at Aberdeen over the log referred to, one of Crane & Co.'s men shot and killed Frank Griffith, near the mouth of Three Mile in a quarrel over a log.

DR. GREEN'S PASTORATE.

Twenty-Five Years in Charge of the First Presbyterian Church at Danville.

DANVILLE, Ky., April 26.—Yesterday was the twenty-fifth anniversary of the inauguration of Dr. E. M. Green as pastor of the First Presbyterian Church of Danville. No other church in Danville ever had one pastor for half that length of time. Of the 197 members on the roll when Dr. Green began, only sixty-eight remain, eighty-eight of them having been removed by death. The congregation now numbers upward of 300. During the twenty years the congregation has nearly rebuilt the church, contributed \$42,000 to benevolent purposes, and paid out nearly \$60,000 in congregational expenses and pastor's salary. Dr. Green is connected with the Southern Presbyterian Seminary at Louisville, and is also a member of the board of trustees of the Central University, Richmond.

IN MEMORY

Of our uncle, Dr. S. N. Loy, who passed away January 17, '97:

'Twas at the close of a Sabbath day,
The angel of death appeared,
And entering a happy home,
Shrouded it with tears.

A loved one was borne away,
And our loss is deeply felt;
But 'tis God who hath bereft us,
And he doeth all things well.

The arm-chair is vacant now—
That smiling face has gone;
Yet we hope again to meet it,
In an eternal home.

Sad are our hearts as we think
He could not wish us to remain;
But, oh! 'tis sweet to know
That our loss is Heaven's gain.

Afflictions were his for years,
And yet he murmured none,
But oft was heard to say:
"God, thy will be done."

We miss thee, dear uncle,
We miss the sunshine of thy face,
Yet we know that thou art happy,
Roaming in realms of bliss.

FOR EVERY BICYCLIST.

Champion Michael Advises Use of Paine's Celery Compound.

James Michael is the champion long-distance bicyclist of the world.

He recommends all wheelmen to take Paine's Celery Compound.

His experience is that of others. With the opening of the bicycle season many a young person and hundreds of older people who have determined to take up bicycling as a health-giving exercise find themselves really lacking the proper "snap" or stamina to begin on. Their bodily condition prevents so spirited exercise. They would like to ride, but they are out of sorts, run down by a winter of work or indoor life. Many who are really sick, who have suffered from debility or wasting diseases for a long time until they had begun to think their troubles had become chronic, as nothing gave them relief, would turn to bicycling for relief. But this splendid exercise, like any other, requires strength to undertake. The blood is out of order, the nerves are deranged, and nature's food for both is needed.

All such persons will find to their immense joy that Paine's Celery Compound, taken now, will make them well.

Paine's Celery Compound works wonders in the spring. If you have labored under the load of repeated headaches, neuralgic pains and days of nervous debility, now is your best time to get well.

Michael is to-day the most phenomenal rider in professional ranks. As far back as 1894 he was undisputed champion of Great Britain, and in the following year he went to France and scored 25 straight wins against the picked riders of Europe. He has defeated such famous men as Jacquelin, Gougoltz, Huret, Rivierre, Bonhours, Bourillon and Barden of England, and Levten, the Belgian champion.

He has just returned from Europe and is now ready to join the racing men on the Pacific coast, despite the large amount of work he has gone through during the past months. Michael has made cycle racing a careful study and is in position to give excellent advice not only to racing men but to wheelmen and athletes in general. In reference to his own methods the following letter will interest everybody:

Boston, Mass., Feb. 21, 1897.
After the exertion of my record rides while with the Morgan & Wright team in the South last winter, during which I lost somewhat in weight, on account of the unaccustomed climate, I was advised to use Paine's Celery Compound. I am pleased to say that it gave such satisfaction that I was impelled to use it again to brace up from the effects of the two unusually rough ocean trips that I have taken during the past month. I believe that wheelmen who have to undergo the hardships of "circuit chasing" will find Paine's Celery Compound of assistance in keeping up their physical tone.

Every one needs to take a spring remedy to purify their blood, arouse the circulation and counteract the debilitating effect of months of confining work, worry and excitement.

The more intelligent portion of every community are the ones who best recommend Paine's Celery Compound. They have looked into this great remedy, followed its remarkable achievements in the case of friends, neighbors and relatives, and know just what to expect from its use as a nerve and brain strengthener and restorer and an ideal invigorator for a run-down system.

THE NATURAL WAY

To Cure Inflammation.

Inflammation is the sustaining element of the great majority of our physical ills; allay this inflammation, and the pain ceases, the flesh, muscles and tendons resume their normal condition and the violence of the attack is at an end.

It follows, then, that the first step in a successful assault upon disease is to destroy any existing inflammation, and with it the pain. This accomplished, the patient is at ease.

This is the natural mode of procedure, and kindly Nature has furnished the means to that end in certain roots, herbs and barks, which, in their due proportion, are constituent parts of Lightning Hot Drops, the greatest pain panacea ever known to medical science.

Freely applied to a cut, bruise, burn, scald, or flesh-wound of any nature, Lightning Hot Drops will absolutely kill the pain, prevent all inflammation and quickly heal the lacerated flesh. As an instance, what is more painful or distressing than a mashed finger, with the nail torn loose? In such a case, Lightning Hot Drops gives complete and immediate ease from pain. It will smart and burn for a few minutes when first applied to fresh cuts, sores, etc., but a few applications will take all the soreness out and heal the cut or sore. The 50c size contains 2½ times as much as the 25c size. Lightning Hot Drops is prepared by Herb Medicine Co., Springfield, O., and no honest druggist will offer you anything else.
